

**JOMO KENYATTA UNIVERSITY OF AGRICULTURE AND TECHNOLOGY
(JKUAT)**

SCHOOL OF BUSINESS AND ENTREPRENEURSHIP

STUDENTS' EXTERNAL ATTACHMENT LOGBOOK

DURATION: 8 WEEKS

*JKUAT is ISO 9001:2008 Certified
Setting trends in higher Education, Research and Innovation*

THE LOG BOOK

1. INTRODUCTION

This log book is to assist the student to keep record of the industrial Attachment experience. It will show the departments and sections in which the student has worked and the periods of time spent in each.

2. DAILY REPORT

The daily work carried out during the periods of training is to be recorded clearly with sketches and diagrams where applicable. (you can add as many pages as required)

3. WEEKLY REPORT

This is a summary of work done in a week and should cover theory/practical report on the work covered. Students are required to present the logbook weekly to the industry based supervisor for assessment of content and progress. The Supervisor can use the space below for his comments, **signature** and **stamp**

4. CHANGE OF ATTACHMENT

A student is expected to start and finish his industrial attachment in one establishment. If it becomes absolutely necessary that he/she must change his place of attachment, the student should first secure permission in writing from the department.

His application for change of place of attachment should indicate the name and address of the Post Office box of the Company or Industry to which he wishes to transfer. Any attachment not properly authorized will be cancelled.

5. UNIVERSITY SUPERVISOR'S VISIT

The University Supervisor from JKUAT will check the logbook when he/she visits the project to ensure that the proper training is being received, and record his/her comment on the paper provided for this purpose, towards the end of the log book.

6. SPECIAL REQUEST TO THE INDUSTRY-BASED SUPERVISOR

Please assess the student as per assessment form provided.

7. REPORT WRITING

In addition to the daily and weekly record the student should submit a summary report of the work done during the attachment duration e.g. full coverage of the course, problems encountered. Suggest improvements to make the programme worthwhile.

The report should contain a detailed discussion of activities of the organization and the manufacturing/service processes the student was involved in.

This should include the highlights of the project the student was involved in. The student is expected to point out the weak and strong points of the attachment experience in the specific organization. You can use diagrams and any other figures to explain any elements of the organization for example the organization structure

8. REPORT SUBMISSION

The Logbook, Industrial Attachment Report and a copy of the Recommendation Letter must be submitted to the respective University Supervisor at the end of the attachment for evaluation
